Ralf Loddenkemper Prize 2005

The Ralf Loddenkemper Foundation is again endowing the prize for the year 2005 in the amount of CHF 30 000 for scientific advances in the area of traumatology, particularly in children and adolescents.

The prize is awarded annually on the occasion of the annual common conference of the “Sektion Kinder-Traumatologie der Deutschen Gesellschaft für Unfallchirurgie (DGU)” and the “Vereinigung für Kinder-Orthopädie”.

Recipients of prizes shall be workers engaged in basic or clinical research, practising in European clinics or research institutes. There is no age limit for applicants.

There are no limitations on the scope of work to be submitted. It may be work already published or accepted for publication. The interval between the completion of the work, or submission for publication may not exceed 2 years. The deadline for submitting entries for the award in the year 2005 is December 31, 2004. The work is to be submitted, in triplicate, in German or English to:

Prof. Dr. med. Lutz von Laer, ehem. Leitender Arzt
Traumatologische Abteilung der Orthopädischen
Universitätskinderklinik beider Basel UKBB,
Burgstrasse 12, CH-4125 Riehen/Basel
