

## Erratum

Terjesen T, Rundén T, Tangerud Å. Ultrasonography and radiography of the hip in infants. *Acta Orthop Scand* 1989; 60(6): 651–60.

p. 655, second column, line 4: *l* should be *e*.

p. 657, add the following four lines at the bottom of the second column:

There were correlations between the three ultrasound parameters: bony rim percentage, lateral head distance, and  $\alpha$ -angle (Table 6). The ultrasound parameters were also correlated with all the radiograph-
