

Preface

This is the fourth compilation of Proceedings and Dissertation Abstracts published as a separate Supplement to *Acta Orthopaedica Scandinavica*. Because of the somewhat irregular inflow of proceedings, these supplements will not be published regularly, but in concert with the inflow. Among the dissertation abstracts published in the present supplement is an Asian dissertation. Once again, we welcome all those working in the field of orthopedics and related disciplines to submit recently published dissertation abstracts for publication in *Proceedings Dissertations*.
